**MODERNISATION FUND**

Accelerating the transition to climate neutrality

## **MODERNISATION FUND** **EIB CONFIRMATION OF PRIORITY INVESTMENT**

ref. MF 2024-1 RO 0-008

*Beneficiary Member State: Romania*

*Investment Proposal: Pilot Project DigiTEL Power Lines of the Future – Converting the 400 kV OHL Isaccea – Tulcea Vest from single circuit to double circuit*

### **1. Background**

The Modernisation Fund was set up pursuant to Article 10d of Directive 2003/87/EC of the European Parliament and of the Council of 13 October 2003 establishing a system for greenhouse gas emission allowance trading within the Union and amending Council Directive 96/61/EC (the “ETS Directive”).

The legal basis for the operation of the Modernisation Fund is set out in Commission Implementing Regulation (EU) 2020/1001 of 9 July 2020 laying down detailed rules for the application of Directive 2003/87/EC of the European Parliament and of the Council as regards the operation of the Modernisation Fund supporting investments to modernise the energy systems and to improve energy efficiency of certain Member States (the “Implementing Regulation”).

In accordance with Article 10d(6) of the ETS Directive, the European Investment Bank (the “EIB”) is to confirm whether a proposed investment falls into a priority area. The EIB may confirm the proposal as a priority investment if the conditions specified in Article 6(7) of the Implementing Regulation are met.

### **2. Investment proposal**

Pursuant to Article 4(1) of the Implementing Regulation, on 14/02/2024 Romania (the “beneficiary Member State”) submitted to the EIB an investment proposal “Pilot Project DigiTEL Power Lines of the Future – Converting the 400 kV OHL Isaccea – Tulcea Vest from single circuit to double circuit” for which it envisages a contribution from the Modernisation Fund (Modernisation Fund reference number MF 2024-1 RO 0-008).

The investment proposal concerns a project for the period 2024-2029 relating to the reinforcement of the national transmission grid. The investment concerns the conversion to double circuit 400 kV OHL (overhead line) of the single circuit 400 kV OHL between Isaccea and Tulcea Vest and the construction of 2 bays of 400 kV in Isaccea and Tulcea Vest substations.

The beneficiary Member State has requested funding of EUR 64 068 257.62 for a first disbursement under the proposed project.

The beneficiary Member State has indicated a total expected Modernisation Fund funding for the investment proposal of EUR 64 068 257.62.

The main objective of the investment is to reinforce the national transmission grid in order to enable the integration of renewable energy generation.

The project is aligned with the objectives of the National Energy and Climate Plan (NECP) for Romania.

### **3. Compliance with the conditions for priority investment**

- a) The beneficiary Member State has demonstrated that the investment complies with the requirements laid down in Article 10d(1) of the ETS Directive as it supports the modernisation of the energy system and it is in line with the objectives and measures set out in its NECP.
- b) According to the information provided by the beneficiary Member State and pursuant to Article 10d(2) Directive 2003/87/EC, the investment is considered as a priority investment as it falls under the priority area/s d) energy storage and the modernisation of energy networks, including demand-side management, district heating pipelines, grids for electricity transmission, the increase of interconnections between Member States and infrastructure for 0-emission mobility.
- c) The beneficiary Member State has sufficient funds generated before 31 December 2027 available from the auctioning of allowances covered by a notification pursuant to Article 10d(4) of Directive 2003/87/EC for the requested disbursement according to the statement of the available funds referred to in Article 5(1) of the Implementing Regulation and after deduction of any amounts to be disbursed for investments already confirmed in accordance with Article 6(9) of the Implementing Regulation.
- d) The beneficiary Member State has provided evidence that the measures under the investment proposal:
  - does not constitute State aid within the meaning of Article 107(1) of the Treaty on the Functioning of the European Union.
- e) The beneficiary Member State has confirmed in writing that the investment complies with any other applicable requirements of Union and national law.

- f) According to the information provided by the beneficiary Member State, the amounts requested from the Modernisation Fund are not intended to cover the same costs of the investment as those financed by another Union or national instrument.

#### **4. Conclusions**

The EIB has assessed the investment proposal based on the information submitted by the beneficiary Member State in accordance with Article 4 and Annex 1 of the Implementing Regulation and it has concluded that the investment proposal has met the conditions specified in Article 6(7) of the Implementing Regulation.

In view of the above, and in reliance on the information and evidence provided and the confirmations given by the beneficiary Member State as described at paragraph 3 above, the EIB confirms the proposal “Pilot Project DigiTEL Power Lines of the Future – Converting the 400 kV OHL Isaccea – Tulcea Vest from single circuit to double circuit” (Modernisation Fund reference number MF 2024-1 RO 0-008) as a priority investment.

This confirmation is without prejudice to the requirement for a disbursement decision to be made pursuant to Article 10d(3) of the ETS Directive.
